

Homeowner's Guidelines

Discovering your home and belongings flooded with water is a difficult and stressful experience. Are you unsure of the proper actions to take next? Consider the following:

DO:

Eliminate the source of water
or call a plumber

Unplug devices & turn off circuit breakers
which supply electricity to the area

Protect Furnishings
by removing from area or placing plastic/unfinished wood under legs

Pin up draperies or bedskirts
to avoid stains

Remove items
shoes, books, papers, plants, firearms, breakables, valuables

Wash your hands
after handling wet items or wear protective gloves
